Introduction

As a publicly traded financial institution and a member of the global Scotiabank Group, Scotia Group Jamaica Limited (the "Company") recognizes the need to adhere to best practices in corporate governance. Sound corporate governance policies and practices are important to the creation of shareholder value and maintaining the confidence of depositors and investors alike.

The Company's Corporate Governance Policies are designed to ensure the ability of the Board of Directors (the "Board") to effectively supervise management's operation of the Company. This Policy shall apply to the Company and its subsidiaries.

The Board of Directors

The Board's primary responsibility is to supervise the management of the Company's business and affairs. The Board must provide effective governance over the Company's affairs. In doing so it must strive to balance the interests of the Company's diverse constituencies, including its shareholders, customers, employees and the communities in which it operates. In all actions taken by the Board, the Directors are expected to exercise independent business judgment in what they reasonably believe to be in the best interests of the Company. In discharging that obligation, Directors may rely on the honesty and integrity of the Company's Senior Management, its outside advisors and auditors.

Number and Selection of Board Members

The Board has the authority under the Company's Articles to fix the number of directors, which should be in the range of 3 to 20. The Board currently has 11 (including a balance of independent and non-executive members) but has the flexibility to increase the number of members in order to accommodate an outstanding candidate or the Board's changing needs or circumstances.

A Director will not be considered independent if:-

- The Director has been an employee of the Company within the last five years;
- The Director is, or has been within the last three years, an employee or executive officer of any company within the Group or its parent company;
- The Director has received or receives additional remuneration from the Company apart from director's fee, participates in the company's share option plan or performance related pay scheme, or is a member of the Company's pension scheme;
- The Director has close family ties with any of the Company's advisors, directors or senior employees;
- The Director represents a significant shareholder.

Each non-executive Director should provide the Board with all relevant information to assess his or her independence. In the event that there is a change in the Director's

independent status this should be disclosed and explained in a timely manner to the market.

1Annual Retirement of Directors

All Directors retire from the Board at each Annual General Meeting in accordance with the Company's Articles. This means that Directors will automatically retire from the Board after serving for a term of one year.

The Board or its Executive and Enterprise Risk Committee may however recommend that a Director be invited to immediately seek re-election to the Board at the Annual General Meeting at which they retire if it is felt that it is in the best interests of the Company to do so. The Group's shareholders elect Directors at the Annual General Meeting each year and in between Annual General Meetings the Board may appoint additional members to the Board to hold office until the following Annual General Meeting.

Any Director employed to the Company shall cease to be a Director upon termination of any employment contract with the Company.

Term Limits

In keeping with international best practices, it is proposed that effective November 1, 2021 Directors appointed to the Board may serve on the Board until the expiry of 12 years from the date of their first appointment, or in exceptional circumstances for such longer term as may be approved by the Board of Directors. A Director appointed prior to November 1, 2021 may also serve on the Board until expiry of 12 years from the date of their first appointment, save that any such Director who at the date of this policy, shall have exceeded 12 years of service, may continue to serve on the Board until the next AGM immediately following the date of the 15 year anniversary of their initial appointment to the Board.

The date of first appointment for Directors appointed prior to November 1, 2021, shall be the date on which the Director was first appointed to the Board of The Bank of Nova Scotia Jamaica Limited.

Upon the recommendation of the Executive & Enterprise Risk Committee or any subcommittee of the Board charged with corporate governance, the Board may:-

- (a) in extenuating circumstances, consider and approve the extension of a Director's term beyond the stipulated period as is considered appropriate.
- (b) reserve the right not to recommend a Director with an unexpired term to the shareholders for re-election at the Annual General Meeting.

A Director shall resign from the Board of Directors upon the expiration of the respective term (including any variation of the term recommended by the Executive & Enterprise or other Committee) no later than 6 weeks prior to the date of the Annual General Meeting of the year in which the term expires.
