**Scheme Description**

ScotiaBRIDGE ("the Scheme") is an Approved Retirement Scheme recognized under the Pensions (Superannuation Funds and Retirement Schemes) Act, 2004. The Scheme enables Plan Members to accumulate tax - deductible contributions during their working years and invest them until retirement.

**Asset Allocation**

The Scheme is invested primarily in GOJ BMI Notes, BOJ Certificate of Deposits, Global Bonds, US\$ Indexed Bonds, Real Estate and Equities.

**Investment Objective**

The Scheme seeks to ensure growth in the value of the units and long term capital appreciation, to provide pension income to our plan members upon retirement.

**Fund Managers**

The Scheme's assets are held in trust and its performance is diligently monitored by the Plan Trustees on behalf of all the Plan Members. Scotia Investments Jamaica Limited, a professional investment and portfolio management firm, actively manages the investment portfolio under the guidance of the Trustees.

**Scheme Performance**

The year to date return as at August 2020 was -8.25%. This resulted in a real return of -9.79% for the year to date as the inflation out-turn for the period was 1.54%.

The Scheme's holdings of USD denominated instruments were positively affected by JMD weakening during the second quarter. In addition, the increase in prices of local GOJ fixed rate and CPI bonds, as well as the recovery in prices of GOJ USD Global Bonds also contributed to the Fund's performance. The local equity market experienced a marginal recovery during the quarter, however, on a YTD basis, the return for the local equity market remained negative due to continued risk-off sentiment which resulted in reduced market activity.

The Scheme remains well-positioned to provide unit holders with steady returns as the Fund Managers / Scotia Jamaica Life Insurance Company continue to pursue attractive securities that

are suitable to meet the Scheme's return objectives in light of the expectations for the capital market.
