Scheme Description

ScotiaBRIDGE ("the Scheme") is an Approved Retirement Scheme recognized under the Pensions (Superannuation Funds and Retirement Schemes) Act, 2004. The Scheme enables Plan Members to accumulate tax - deductible contributions during their working years and invest them until retirement.

Asset Allocation

The Scheme is invested primarily in GOJ BMI Notes, BOJ Certificate of Deposits, Global Bonds, US\$ Indexed Bonds, Real Estate and Equities.

Investment Objective

The Scheme seeks to ensure growth in the value of the units and long term capital appreciation, to provide pension income to our plan members upon retirement.

Fund Managers

The Scheme's assets are held in trust and its performance is diligently monitored by the Plan Trustees on behalf of all the Plan Members. Scotia Investments Jamaica Limited, a professional investment and portfolio management firm, actively manages the investment portfolio under the guidance of the Trustees.

Scheme Performance

The year to date return as at September 2020 was -8.15%. This resulted in a real return of -10.56% for the year to date as the inflation out-turn for the period was 2.41%.

The Scheme's holdings of USD denominated instruments were positively affected by JMD weakening during the third quarter. In addition, the increase in prices of local GOJ CPI bonds, as well as the continued recovery in prices of GOJ USD Global Bonds also contributed to the Fund's performance. The aforementioned contributors were offset by a decline in the prices of local equities during the quarter, driven by continued risk-off sentiment and reduced market activity.

The Scheme remains well-positioned to provide unit holders with steady returns as the Fund Managers / Scotia Jamaica Life Insurance Company continue to pursue attractive securities that are suitable to meet the Scheme's return objectives in light of the expectations for the capital market.
